## Principal Message

Greetings!

The purpose of our e-newsletter is to provide specialized information to all Springboardians. A school newsletter is also a great way to develop a strong relationship with parents.

This open and interactive approach also helps in discovering and strengthening inherent talent in the students. All our school activities are based on a participatory spirit that reduces the inhibition levels of the students and thus assists the students in becoming aware of their potential. The school atmosphere evokes a team spirit amongst the students and teachers with a conviction that 'We can do it'. We promote the joy and excitement of learning and also enjoy the pleasure of our achievements.

Ms Tanuja Mothe  
Principal

## PONGAL CELEBRATIONS

Pongal is a harvesting festival, a traditional occasion for thanking the nature. We celebrated Pongal with much fervor and enthusiasm.

Principal, Ms Tanuja, expressed that the initiative was to familiarize children with the rich culture and traditions of the state. Teachers performed “BHOGI MAHOTSAVA”, in honor of Lord Indra.

The celebrations were highlighted with the presentation of ‘kolams’ apart from the distribution of traditional sweets. Students dressed in traditional attires made the occasion more colorful and joyful.

The festival celebrations reached a crescendo as the students came together to add grace to the festival celebrations.

## REPUBLIC DAY CELEBRATIONS

The 68th Republic Day was celebrated in all its solemnity and grandeur. Students saluted the National Flag and pledged themselves to upholding the honour and integrity, diversity and uniqueness, that is “INDIA”.

## FIELD TRIP

Field trips give students educational experiences away from their regular school environment.

On February 3rd and 10th, in search of a great field trip, we took our children to visit “BABU JAGJEEVAN RAM PARK” to refresh themselves. Field trip encourages the children’s natural curiosity and love for learning, improves observational skills, and enhances aesthetic sense.

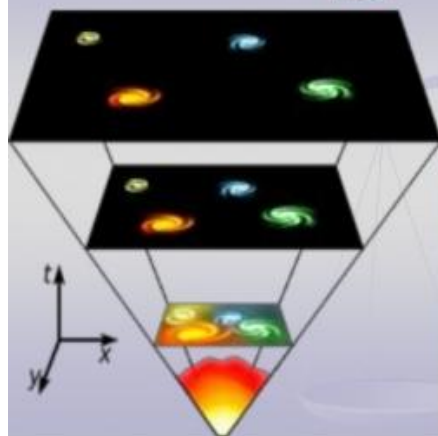

## SCIENCE FAIR

Science Fair was celebrated on February 28<sup>th</sup>, 2017 to mark the discovery of the Raman Effect by the great Indian physicist Sir Chandrashekhara Venkata Raman, on 28 February, 1928. Students actively participated in the event by presenting their creative ideas through the exhibits.

C.V. Raman published the principles of "Raman Effect" which explained the "Light Emission" and for it he awarded the Noble Prize.

Indian Postage  
Stamp released on  
C.V. Raman in 1971

## PARENT-TEACHER MEET

***“At the end of the day, the most overwhelming key to a child’s success is positive involvement of parents.”*** - Jane .D. Hull.

We, at SBA, strive to build a strong relationship with parents to connect home and school. We approach parents with the progress of their wards and emphasize that the foundation of the students success lies in the hands of both parents and teachers.

### Parent Words:

*“Good hygienic atmosphere, well disciplined school inculcating great values in children.”* - Mr B. Chari

*Great commitment and empowerment in imparting skills in children.*  
- Mr M. Prakash

*Positive attitude observed in my child. Teachers are lovable and their efforts are appreciable. We are very thankful to SBA.* - Mr C. Sudhir

**Thank you**  
**Spring Board Academy - Tirupati**
