Principal's Message

Dear Parents,

Allow me to extend my warm greetings and kind regards to all the parents. Students are born with a strong desire to learn. We as parents and teachers must ensure that this powerful desire is kept alive. The industrial age of education has come to an end and we have entered an age of ideas and creativity, where individual and shared talent is the most important asset. Also, the production of talent is significantly dependent on schools.

We at Spring Board Academy understand the need of the child and the challenge of meeting students' individual intelligence. Every child learns differently and every student's talent will be realized and nurtured. We look forward to serving you and your children over the coming years. We are eager to ensure the best and most memorable experience for your child.

Thank You!

Field Trip

Students of Spring Board visited the Jain temple, which is in Gummileru, near Mandapeta, Andhra Pradesh. It is one of the most interesting field trips because the students learnt about Jainism. Also, students got to know about the founder of Jainism, Rishabanadh and learnt about Tirthankaras.
