SPECIAL ASSEMBLY ON WATER CONSERVATION

Special assembly on Water Conservation was conducted on June 6, 2018. Water is a precious resource and conserving water helps reduce the amount of water utilized from rivers and groundwater. Conserving water reduces a school's carbon footprint. Students learnt the best practices to conserve water. Students were explained the importance of having leak free faucets and signage indicating the wise use of water at school and home.

Assembly on water conservation

SPECIAL ASSEMBLY On NOISE POLLUTION

Teaching staff conducted a special assembly on noise pollution for the students of Spring Board Academy on June 7, 2018. They explained about the causes and effects of noise pollution. In the modern era of development and innovation, noise levels are always on the rise. Hence, it is important to adopt ways which help us to prevent noise pollution.

SPECIAL ASSEMBLY ON SOIL CONSERVATION

At Spring Board Academy, environmental awareness has always been a priority for both staff and students. Children must be educated and be aware of the impact that humans have on the earth's atmosphere, water, forests, soils, and oceans.

We created awareness and lasting habits of eco-friendliness among students by conducting a special assembly on Soil conservation, Earth Hour and Earth Day.

Students participating in soil conservation awareness event

NATIONAL FLAG DAY

Students of Spring Board Academy observed National Flag Day on June 14, 2018 in the school campus. Teachers displayed charts depicting the importance of the national flag. They spoke about Sri Pingali Venkaiah, designer of our national flag.

Students being explained about the design of National flag

RAMZAN CELEBRATIONS
