

PROPEL YOUR CHILD INTO A BRIGHT FUTURE

Mr. Vishnu Manchu

Founder and Chairman of SBIPS aims at building a strong foundation for lifelong learning of a child with unique learning themes, through a truly international curriculum proven by scientific studies.

SBIPS'S VISION

To develop in each child, the 21st century competencies so that he is equipped with skills to navigate, a fast-changing world and grows up to become:

- **A CONFIDENT CHILD.**
- **A SELF DIRECTED LEARNER.**
- **AN ACTIVE CONTRIBUTOR.**
- **A RESPONSIBLE CITIZEN.**

SBIPS'S MISSION

The school's aims are to
provide:

- Teaching fundamental and moral values.
- Joyous and secured environment.
- Spirituality in a non- denominational setting.
- Sensitive consideration to a multi-ethnic mix of children.
- Encouraging mutual respect and social skills.
- A positive approach to school life.

SBIPS'S PHILOSOPHY

**Converging on Progressivism,
Social Reconstructionism and
Existentialism.**

**The emphasis is on the future, and
on preparing students to be
independent-thinking adults.**

OUR CURRICULUM

SBIPS

is designing it's own text books & workbooks to enhance and enrich the child's learning process.

The subjects are:

- ◆ English
- ◆ Number work
- ◆ II Language (PP-II)
- ◆ E.V.S
- ◆ Drawing
- ◆ Art & Craft

Our Belief

- ▶ The brain architecture is built very early in life.
- ▶ The child learns best when they are allowed to learn in a stimulating and enriched environment in the presence of warm and nurturing adults.
- ▶ Early experiences affect the quality of the brain by establishing a strong or a weak foundation for all future learning, health and behaviour.
- ▶ It is our goal to provide all our children with the best possible education delivered by motivated, inspirational teachers who have been specially trained to teach an integrated curriculum.
- ▶ Teachers facilitate and encourage exploration and learning at all ability levels.
- ▶ We focus on educating each child as an intellectual, social, physical and emotional being.

OUR PHILOSOPHY AND APPROACH

Driven by the belief that the brain architecture is built very early in life.

iTeach, an acronym for the 6 principles in Nurturing Early Learners which guide teaching and learning.

I TEACH

I INTEGRATED LEARNING

T TEACHERS AS FACILITATORS

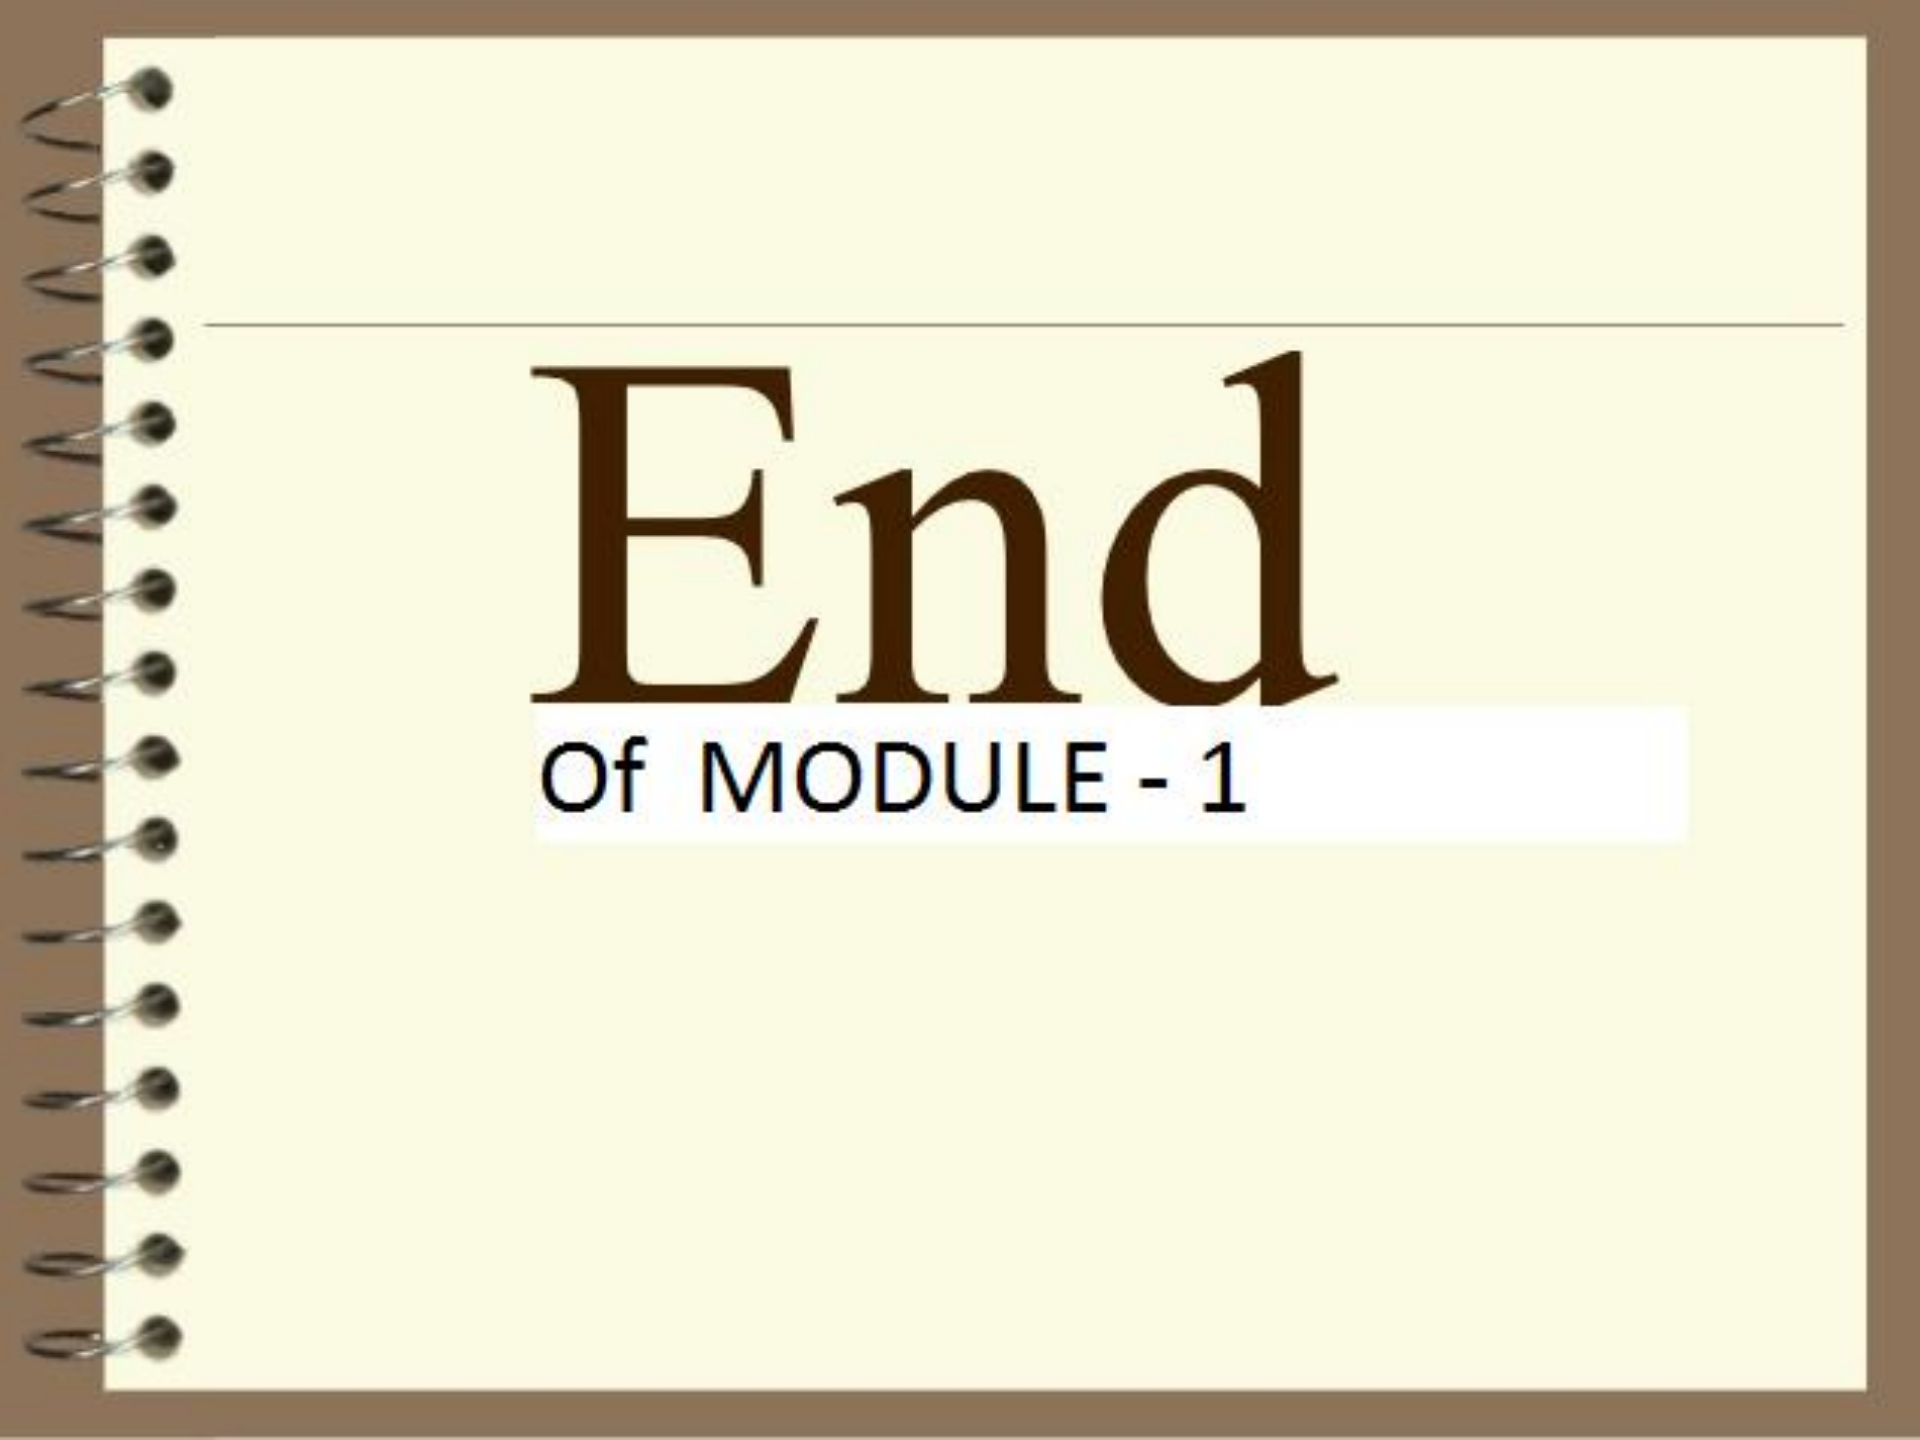

E ENGAGE CHILDREN IN LEARNING THROUGH PLAY

A AMPLE OPPORTUNITIES FOR INTERACTION

C CHILDREN AS ACTIVE LEARNERS

H HOLISTIC DEVELOPMENT
(Physical, Cognitive, Social, Emotional)

A spiral-bound notebook with a cream-colored page and a brown cover. The spiral binding is on the left side. A thin horizontal line is drawn across the page, just above the word "End".
